CELLARS

Domaine des Chirats, translated in old French to 'home of the pile of rocks', is a collaboration between Jeff Cohn and Yves Cuilleron of the Northern Rhône, France since 2013.

This vintage shows finesse with a palate of elegance, depth, purity and sheer intensity. Jeff has always felt this vineyard brings a very Hermitage aspect to the table, but this year with a touch of Côte Rôtie. A sensational deep red / purple color is followed by a very fragrant nose from the savory to the black / blue and red fruits to the cassis and mineral notes that intermingle throughout. Full bodied, rich and concentrated, yet light on its feet. This wine fills your palate with black cherry compote, black and red currants, olive and a liquid mineral component that is the essence of the Rockpile Vineyard.

30% whole cluster fermentation, aged for 18 months in 30% new French oak barrels. Drink 2020 - 2040.
